## MERN Stack Developer

nidhiljabbar@gmail.com +916238651917 KOZHIKODE LinkedIn GitHub

### SUMMARY

---

Results-driven MERN Stack Developer with 1+ year of production experience shipping real SaaS products used by live users. Built and launched SocialHAC (socialhac.com) — a full-stack Instagram Analytics & Publishing platform — successfully passing Meta App Review for advanced permissions and deploying with custom domain and SSL. Proficient in React.js, Node.js, Express.js, MongoDB, Meta Graph API, OAuth 2.0, and workflow automation with n8n and Zapier. Passionate about clean architecture, scalable code, and delivering impactful digital solutions.

### EDUCATION

---

BCA - Computer Science and IT, Yenepoya University (Expected 2026) 02/2024 – Present  
Bengaluru, India

MERN Stack Development, Haris And Co Academy 12/2024 – 08/2025  
Kozhikode, India

### SKILLS

---

React.js, HTML5, CSS3, JavaScript (ES6+)	Problem-solving   Team Collaboration
Node.js, Express.js, REST API, JWT, OAuth 2.0	Time Management   Adaptability
MongoDB, Mongoose	Continuous Learning   Agile Workflow
Meta Graph API, Razorpay, n8n, Zapier	
Git, GitHub, Postman, Render, Jest	English (Professional)
	Malayalam (Native)

### WORK EXPERIENCE

---

#### Junior Software Developer (MERN Stack)

- HACA (Haris And Co), Kozhikode, Kerala
- Jan 2026 – Present
- Engineered and deployed 3+ production web features using React.js, Node.js, Express.js, and MongoDB, directly serving live users on the SocialHAC platform.
- Designed and integrated Meta Graph API (Facebook & Instagram) enabling real-time post publishing, scheduling, and analytics data sync for business accounts.
- Built a secure multi-layer authentication system (OAuth 2.0, JWT, OTP, password reset) adopted across all platform users, significantly reducing login-related support tickets.
- Developed 5+ analytics dashboard components tracking reach, impressions, follower growth, and engagement metrics, improving user retention on the platform.
- Collaborated in an agile on-site team with designers and senior developers, consistently delivering sprint features on time.
- Conducted code reviews and performance optimizations, improving API response efficiency and overall app scalability.
- Maintained a modular, reusable codebase following best practices, reducing new developer onboarding time.

## PROJECT

---

### **SocialHAC – Instagram Analytics & Publishing SaaS**

Live Production Project | Full-Stack MERN

- Built a production-ready SaaS to connect Instagram Business accounts using Meta OAuth 2.0.
- Implemented Instagram post publishing & scheduling (images, carousels) via Meta Graph API.
- Developed analytics dashboards for reach, impressions, engagement, and follower growth.
- Implemented secure authentication using OAuth, JWT, OTP, and password reset flows.
- Passed Meta App Review for advanced permissions (instagram\_content\_publish, instagram\_manage\_insights).
- Deployed with custom domain, SSL, and added automated testing.
- Tech Stack: React.js, Node.js, Express.js, MongoDB, Meta Graph API, OAuth 2.0, JWT, Jest, Render

### **Eventify – Event Management Platform**

- Full-stack MERN application for event creation, ticket booking, and user management.
- Implemented Google OAuth, OTP authentication, coupons, and mock payment gateway.
- Tech Stack: React.js, Node.js, Express.js, MongoDB

### **Attendance Email Automation n8n**

- Automated personalized absence emails using Google Sheets and Gmail integration.
- Implemented workflow logic using JavaScript in n8n function nodes.
- Tools: n8n, Google Sheets, Gmail API

## CERTIFICATIONS

---

- MERN Stack Developer  
Certification  
Haris And Co Academy,  
Kozhikode – 2025

Meta Developer  
Documentation  
Completed Meta Graph API  
integration & App Review  
process – 2025

OAuth 2.0 & JWT  
Authentication  
Implemented in production-  
level SaaS application – 2025
